

戦略的イノベーション創造プログラム
Cross-ministerial Strategic Innovation Promotion Program

Pioneering the Future: Japanese Science, Technology and Innovation

The Cross-ministerial Strategic Innovation Promotion Program is a national project under the Council for Science, Technology and Innovation to promote advancements of science, technology and innovation in Japan. This program is innovative in itself, as it crosses the traditional boundaries of Japan's ministries and agencies, leveraging industry-academia-government cooperation to rapidly create basic research leading to concrete exit strategies for powerful, strategic advancements in science, technology and innovation.
