SUBJECT : Safety and whereabouts of the ex-Governor
of the Okinawa Prefecture.

Reference is made to C.L.O. No. 543 (5) dated 11 November 1945, subject as above. Additional investigation has resulted in the following report:

"Subject was last seen in Mabuni about the middle of June 1945. Questioning of members of the Native Okinawan Council, some of whom have known him personally, elicited no further information than already reported. Members of the burial detail, sent to the cave in which the ex-Governor was supposed to have committed suicide, did not know him. No indication of Subject having been a prisoner of war has been discovered. Agents in the Northern and Southern areas of Okinawa have carefully checked all records and findings indicate that no one answering to this name or description has been a prisoner."

- b. C.L.O. No. 776 (2.2), dated 21 February 1946, subject as la above.

2. Reference lb above states that 1,800,000 mulberry seedlings are being shipped to Shanghai, China on the Unzen Maru and the Hakuryu Maru. The Unzen Maru sailed from Hakata on 20 February 1946. The Hakuryu Maru is scheduled to sail during the first ten days of March 1946.

3. Attention is invited to the fact that both of these ships are assigned to the repatriation program and that their use as cargo carriers delays scheduled sailings of repatriates.

4. The Imperial Japanese Government will take the necessary action to insure that repatriation ships are not used as cargo carriers in the future, unless specific authority is obtained in each instance.

SUBJECT: Medical Supplies for Repatriation Program.

1. Memorandum, file AG 370.05 (29 Jan 46)BC, subject: "Projected Changes in Repatriation Procedures", dated 29 January 1946 indicates that the Japanese Government will furnish the vaccines necessary for medical processing at all repatriation ports in China and Japan. In addition to the vaccines it will be necessary for the Japanese Government to furnish miscellaneous medical supplies incidental to inoculation of the repatriates.

2. Attached find requisitions MED-JAP-REP-1-46 through 10-46 and QM-JAP-REP-1-46 through 10-46. These requisitions cover supplies necessary for medical processing of repatriates at Chinese ports. It should be noted that the destination is indicated on each requisition and that there is both a MED and a QM requisition for each port.

3. Informal contact with the Ministry of Health and Social Affairs indicates certain of the quantities called for on the attached requisitions are not available from Japanese sources. The following items will be shipped from United States Army stocks.

Absorbent cotton	11735 pounds
Applicator wood	3334 boxes
Syringe, Luer 10 cc	6350 each
Typhus Vaccine 20 cc	25000 vials
Stove, 1 burner	133 each
DDT	465,000 pounds
Outfit delousing	24 each
Dusters Insecticide	500 each

4. Immediate action by the Imperial Japanese Government is necessary as follows.

a. Ship to Uraga Reception Center, Kurihama Station all quantities on the attached requisitions except those listed in paragraph 3 this communication.

b. Sort and pack supplies for shipment according to quantities and parts as indicated on the requisitions. This will include both supplies from Japanese sources and the items listed in paragraph 3 which will be shipped from United States Army stocks to Uraga. Where sufficient stock of an item is not available to fill all requisitions complete, the available stock should be prorated by requisition.

MEMORANDUM FOR: IMPERIAL JAPANESE GOVERNMENT.

THROUGH : Central Liaison Office, Tokyo.

SUBJECT : Japanese Hydrographic Department.

1. Reference is made to memorandum from Central Liaison Office, Tokyo, dated 14 February 1946, file CLO No. 678 (4.1), subject: "Removal of Surveying and Observation Instruments".

2. The Japanese Hydrographic Department is hereby authorized to move all such equipment that has been requisitioned for use by General Headquarters of the Supreme Commander for the Allied Powers, to Tokyo from any branch office in Japan, as requested in reference memorandum.

3. It is desired that the Japanese Hydrographic Department resume its normal peacetime functions with the least practicable delay. Inasmuch as the maintenance of continuous records pertaining to meteorology and oceanography is vitally essential to many post-war industries in Japan and to science in general, authorization is hereby granted for the re-establishing of such facilities and observation stations, including the movement of property and equipment of the Japanese Hydrographic Department pertaining thereto, as are necessary to insure the resumption of these functions at an early date.

4. The provisions of memorandum from General Headquarters, Supreme Commander for the Allied Powers, to the Imperial Japanese Government, dated 26 December 1945, file AG 040 (26 Dec 45)CE, subject: "Operation of Japanese Hydrographic Department", are continued in effect.
