Landing Point Bureaus for the receiving of Returning Japanese Overseas  
Troops", dated 3 October 1945.

b. Our radio ZAX 6225, dated 28 September 1945.

2. a. Attention is invited to the fact that the Imperial Japanese  
Government is charged with the demobilization of the Japanese Armed  
Forces. This includes establishing at designated ports the facilities  
to receive and process repatriates. These facilities will include  
storage necessary for food, clothing and medical supplies as well as  
space for administration and necessary medical examination, quarantines  
and quarantine hospitals. At designated ports adequate inspection and  
quarantine stations will be established to control the entry into the  
home islands of persons with contagious diseases which would endanger  
the health of the occupation forces or the Japanese civilian population.  
Transportation will be arranged as may be necessary to move repatriates  
from the port areas within 24 hours after completion of processing.

b. The Commanding Generals of the 1st and 2nd Japanese General  
Armies have been directed to contact and establish liaison with the  
Commanding Generals of the Sixth and Eighth United States Armies to  
effect coordination within their respective areas during the demobilization  
period. The Commanding Generals of the Sixth and Eighth United States  
Armies will supervise demobilization in areas under their control.

c. In view of the above, the establishment and use of the  
facilities and the procedure to be used at each port area as mentioned  
in paragraph 1 of the basic letter must be arranged by the Imperial  
Japanese Government through an appropriate Japanese Agency, under the  
supervision of the Commanding General of either Sixth or Eighth Army  
who controls the particular port used for repatriation.

SUBJECT : Part Time Use of the National Gymnasium.

1. Your attention is directed to the request contained in the attached communication, dated 26 September 1945, and indorsement there-to by the Commanding Officer, 7th Cavalry. The troops of this particular unit form a portion of the Military Police on duty in the Tokyo municipal area. Although it is not desired by this headquarters to deprive the Ministry of Health of the facilities and control of the National Gymnasium at this time, its part time use, by the unit initiating this request and other troops under the immediate command of the Provost Marshal, Tokyo Area, is most desirable. Such joint use is not only of physical benefit to the troops concerned but, when properly conducted and integrated with Japanese activities, should be of considerable morale benefit to the Japanese youth in this locality.

2. Comment and recommendation for the proposed joint use of this facility should be furnished this headquarters at the earliest date practicable.
