REPATRIATION TO AND FROM JAPAN

SECTION I - GENERAL PLAN.

1. a. The following plan governing the repatriation to and from Japan, now in effect, will continue until otherwise directed by the Supreme Commander for the Allied Powers.

b. The entire plan revolves around the use of reception centers and the flow of persons to be repatriated through these centers in the numbers that can be accommodated by the available shipping and rail transportation.

c. Under this plan non-Japanese nationals who, having registered as being desirous of repatriation, fail to comply with the instructions of the Imperial Japanese Government for consummation of their repatriation, forfeit their privilege to repatriation and will not be considered in any future repatriation plans. A list of such persons by name will be maintained by the Japanese Government. The number of persons so listed as of 31 May 1946, will be reported to General Headquarters not later than 25 June 1946. Thereafter monthly reports will be furnished on or about the 10th day of the month following the month reported on.

d. Exception to paragraph 1 c above may be made in the case of families which cannot comply with plans of the Imperial Japanese Government for their repatriation, due to circumstances over which they have no control. In no case, however, will delays in repatriation be authorized the aforementioned people beyond 31 December 1946. Insofar as practicable the immediate family group should be considered a unit, and should be repatriated as a unit, unless members thereof have forfeited their privilege of repatriation. Persons, who cannot comply with repatriation plans, due to circumstances beyond their control, will not be included in the reports directed in paragraph 1 c above.

2. The following reception centers will be used to process non-Japanese repatriates leaving Japan:

- Hakata Primarily to process Koreans.
- Kagoshima and Sasebo Primarily to process Ryukyans now domiciled on Kyushu.
- Kure Area and Nagoya Primarily to process Ryukyans not processed through Kagoshima and Sasebo.

BASIC: Annex III to Memo to IJG, file AG 370.05 (7 May 46)GC, (SCAPIN-927)
dated 7 May 1946, subject: "Repatriation."

3. The Japanese Ministry of Welfare will:

- a. Make the necessary arrangements to insure that each of the reception centers mentioned in paragraph 2 above is kept filled, insofar as practicable, with outgoing repatriates as hereinafter prescribed.
- b. Scrutinize carefully the shipping schedules furnished and take appropriate action to insure that:
 - (1) Reception centers do not become congested.
 - (2) Repatriation vessels sailing for Korean or Ryukyuan ports are filled to capacity with repatriates for those areas, insofar as practicable.
- c. Arrange for the necessary transportation to move incoming repatriates from the reception centers within twenty-four (24) hours after completion of processing.
- d. Establish controls to fix in their present abodes non-Japanese nationals desiring return to their homelands until such time as they are directed to move under the provisions of this plan.
- e. Prohibit the use of active reception centers as housing except as required in the actual processing and quarantine of repatriates.

4. The Imperial Japanese Government will be furnished shipping schedules governing the movement of:

- a. Japanese merchant and naval vessels, Japanese-manned Liberty ships and Landing Ships, Tank, by the Shipping Control Authority for the Japanese Merchant Marine.
- b. US-manned Landing Ships, Tank, and other Allied vessels, as they are established, by the Supreme Commander for the Allied Powers.

5. Guards aboard trains carrying non-Japanese repatriates.

- a. Local Allied military authorities have been directed to place Allied guards aboard all trains scheduled specifically to carry non-Japanese repatriates to reception centers. Guards will number two (2) per rail car occupied by non-Japanese repatriates.
- b. The Imperial Japanese Government will direct the local Japanese government officials to:
 - (1) Request local Allied military authorities to place Allied guards aboard trains scheduled specifically to carry non-

Japanese repatriates to reception centers. Each request will contain information as follows:

- (a) Number of non-Japanese repatriates being transported.
- (b) Number of rail cars in the train scheduled specifically to carry non-Japanese repatriates.
- (c) Schedule, route and destination of train.
- (2) Submit requests to local military authorities in sufficient time to permit orders to be issued and guards to be placed aboard the trains.
- (3) Provide suitable sleeping cars or first class coaches as quarters for Allied guards during entire trip, when possible to do so without using cars needed by other Allied personnel on official business. When, in exceptional cases, these accommodations are not available second class coaches may be furnished in lieu thereof. The cars will be clean.
- (4) Promptly forward complete and accurate information regarding changes in train movements to the appropriate local military authorities.

c. The Imperial Japanese Government will also direct the local Japanese government officials to:

- (1) Organize outgoing non-Japanese repatriates into groups under selected group leaders prior to entraining.
- (2) Insure against overcrowding.
- (3) Insure orderly entraining and detraining of the groups.

and sanitary measures to be observed.

- (3) Insure orderly embarkation of groups.
- (4) Furnish the captain of Allied-manned vessels with a list of individuals and leaders in each group.

b. The local Japanese officials will utilize every legal means available to control repatriates, while in Japan and aboard Japanese-manned vessels.

SECTION II - REPATRIATION TO AND FROM KOREA

7. The following plan governs the repatriation of Korean nationals.

8. Shipping.

a. Repatriation shipping is assigned to lift 4,000 Koreans per day from Hakata, Japan, to Pusan, Korea. These ships will be returned empty to Japan.

b. Shipping will be scheduled as necessary to lift Japanese from Korea to Sasebo.

9. Processing of Koreans through Japanese ports.

a. The repatriation of Koreans now in Japan, who were formerly resident in Korea south of 38° north latitude, will be completed on or before 15 November 1946, except as noted in paragraph 1d above. A report will be submitted to the Supreme Commander for the Allied Powers by 30 November 1946 showing:

- (1) Names of Koreans, listed by family, who were not repatriated on or before 15 November 1946, but who have not forfeited their privilege of repatriation, as outlined in paragraph 1d above.
- (2) Approximate date each family, referred to in paragraph 9a (1) above, will be able to move to the Hakata Reception Center. In any case, delay in repatriation is not authorized beyond 31 December 1946.

b. Koreans will be outloaded to Pusan, Korea in shipping as provided in paragraph 8a above until all Koreans desirous of repatriation are either evacuated from Japan or have forfeited their privilege to repatriation.

10. Japanese repatriates arriving in Japan from Korea will be processed as prescribed in paragraph 3b (2), Annex V.

BASIC: Annex III to Memo to IJG, file AG 370.05 (7 May 46)GC, (SCAPIN-927)
dated 7 May 1946, subject: "Repatriation."

11. Repatriation to Korea north of 38° north latitude.

Repatriation to northern Korea will be held in abeyance pending consummation of appropriate agreements. Koreans destined for northern Korea will be held in Japan until such time as they can be repatriated to northern Korea.

12. Repatriation of Korean prisoners.

a. The Imperial Japanese Government will not repatriate Korean civil prisoners from Japan until they have served their term of imprisonment and are duly released from confinement. This shall not be construed as in any way infringing upon the prerogative of the Imperial Japanese Government to remit or mitigate sentences.

b. The above is subject to the provisions of memorandum from the Supreme Commander for the Allied Powers, file AG 015 (19 Feb 46)LS, (SCAPIN-757), dated 19 February 1946, subject: "Review of Sentences Imposed upon Koreans and Certain Other Nationals."

13. Under this plan it is the responsibility of the Imperial Japanese Government to plan and implement the repatriation of Korean nationals from Japan to Korea. This responsibility will not be delegated wholly or in part to any of the various Korean associations or societies.

SECTION III - REPATRIATION TO AND FROM THE RYUKYU ISLANDS

14. The following plan governs the repatriation of Ryukyans from Japan to their home islands, and of Japanese from the Ryukyu Islands to Japan.

MEDICAL AND SANITARY PROCEDURES

1. The Ministry of Public Welfare will carry out the following medical and sanitary procedures as minimum requirements incidental to repatriation of all nationals to and from Japan.

a. Procedures with respect to all repatriates will provide for:

- (1) Physical inspection for detection of louse infestation, and of cases and suspects of quarantinable diseases (cholera, plague, smallpox, louse-borne typhus, yellow fever, leprosy, and anthrax) or of communicable disease which might prejudice the health of subsequent contacts.
- (2) Hospitalization or other effective segregation of persons known or suspected to be infected with quarantinable or significant communicable diseases, until communicability has passed. These persons will not be placed aboard vessels or trains carrying repatriates (see paragraph 3). All Ryukyuan repatriates will be held in quarantine for a six (6) day period prior to being placed aboard repatriation ships.
- (3) Appropriate measures for continued observation of persons known to have had contact with a quarantinable disease of a type liable to convey infection. Observation will continue during the incubation period of the disease concerned, calculated from the day of last contact. The following incubation periods will be observed: smallpox - 14 days, louse-borne typhus - 12 days, plague - 6 days, yellow fever - 6 days, and cholera - 5 days, (see paragraph 3).
 - (a) In accordance with the risk involved, appropriate measures may vary from detention under observation to notification to the responsible control agency in the country of entry of the presence of passengers aboard ships that have been exposed to the diseases mentioned in paragraph 1a (3) above.

BASIC: Annex V to Memo for IJG, file AG 370.05 (7 May 46)GC, (SCAPIN-927)

Disinfestation will include the clothing and baggage of such persons and other articles susceptible to infestation.

(5) Immunization.

(a) The following vaccinations will be given:

1. Smallpox vaccination will be given to all outgoing repatriates, and all incoming repatriates not vaccinated within one year.
2. Typhus vaccine will be administered to all repatriates traveling to the Asiatic mainland, and all incoming repatriates not vaccinated within previous 6 months period.
3. Cholera vaccine will be given during spring and summer to all outgoing repatriates.

(b) Only the initial dose of a multi-dose vaccine need be administered at the reception centers if the flow of outgoing repatriates would be impeded otherwise, except that 2 inoculations against cholera will be administered to each Ryukyuan repatriate during the appropriate seasons.

(c) A certificate, in the English language, indicating that smallpox and cholera vaccine have been administered during the appropriate seasons, will be furnished each outgoing repatriate prior to embarkation on repatriation ships.

(6) Maintenance of records required to comply with International Quarantine procedure.

b. Procedures with respect only to Japanese-manned vessels will provide for:
