SUBJECT: Property Belonging to Mr. J. S. Jones, Tientsin

1. Information has been received that one Wataru Okuma, former Japanese Consul at Tientsin, was responsible for the removal of the household items listed on the inclosed sheet from the home of Mr. J. S. Jones, 370 Hong Kong Road, Tientsin, while the former occupied the said premises from 30 March 1943 until August 1944. Okuma is now living at 601 Chofu Otsuka Machi Omori-ku, Tokyo.

2. Based upon information already submitted by the Imperial Japanese Government, it appears that said Okuma acquired for ¥1500 an upright Weber piano and rugs belonging to Mr. Jones in accordance with regulations issued by the Japanese Government concerning the disposal of enemy property in war time. When interrogated, 2 July 1946, Okuma stated that he subsequently disposed of this property as follows:

- "(a) In May 1945 he sold the piano to an unknown purchaser in Soochow for CRB \$400,000;
- (b) In March 1946 the rugs were sold in Shanghai through the medium of Japanese friends - again to an unknown purchaser for the sum of approximately CRB \$7,000,000."

3. Additional information received from Tientsin indicates that there is no evidence of Okuma's having purchased this property as he stated and that the official Japanese list containing the names of British subjects whose property was sold did not contain the name of Mr. J. S. Jones.

4. The Central Liaison Office is directed to make a further investigation of the matter and to report on whether these items were purchased by Okuma, as alleged. Information is also required as to the disposition of the other property, as enumerated on inclosed list, removed from Mr. Jones' home.

5. The required report is to be submitted to the Civil Property Custodian by 10 March 1947.

MEMORANDUM TO: Central Liaison Office, Imperial Japanese Government,  
Tokyo, Japan.

SUBJECT: Steam Turbo-Generator from Hankow.

1. Reference is made to a Memorandum for the Imperial Japanese Government, file AG 412.41(16 May 46)CPC/FP, SCAPIN 1251-A, subject same as above, from General Headquarters, Supreme Commander for the Allied Powers.

b. C.L.O. No. 295(OP), 21 January 1947, to General Headquarters, Supreme Commander for the Allied Powers, subject as above.

2. The negative report contained in lb above does not evidence complete investigation.

3. Since the generator at the time of seizure was being utilized by a coal mining company, areas in which the mining industries are located might provide a possible location for the generator, as would any area in which large industrial concerns are situated.

4. In view of the fact that there is definite information regarding the shipment of the subject generator to the Japanese naval office in Osaka, a record is probably available of the fate of this shipment. If the vessel arrived in a Japanese port and the subject cargo was offloaded, it is unlikely that there is no trace of the receipt and disposition of such a distinctive and heavy piece of equipment.

5. It is directed that the search be continued for the entire generator plant and also for parts of same, which might have been used for replacements on similar generators now in operation in Japan.

6. The required report of further investigation will be submitted by 30 March 1947.

SUBJECT: Procedure for the Export of Samples

1. The procedure outlined below shall be followed in arranging for the export of samples of goods from Japan. The license for the export of samples will be requested by submitting a Form IE 300. Application to export samples can henceforth be made with or without having previously submitted a Form IE 100. This procedure has been correlated with the approved export procedure, reference is made to Memoranda for the Imperial Japanese Government from General Headquarters, Supreme Commander for the Allied Powers, AG 091.31 (16 July 46) ESS/IE, (SCAPIN 100b), dated 16 July 1946, subject: Export Procedure and AG 091.31 (14 March 46) ESS/IE, (SCAPIN 814), dated 14 March 1946, subject: Export Procedure. This directive revokes paragraph seven of the latter Memorandum.

2. Samples shall be selected as mutually agreed between the delegated commodity officer of Foreign Trade Division and the representative of the Imperial Japanese Government or its agency. Samples which would be easily changed, such as foodstuffs, should be sealed in the presence of the commodity officer and representative of the Imperial Japanese Government whenever possible.

3. Samples, in usual commercial quantities, will be packed for export by the Imperial Japanese Government or its official agency. At least one (1) sample, identical to the samples packed for exports will be kept by the Imperial Japanese Government or its official agency and will be available to General Headquarters, Supreme Commander for the Allied Powers at all times on request.

4. One or more commodities offered by one or more manufacturers or suppliers may be submitted on one (1) Form IE 300 providing the proposed shipment of samples can be assembled under one (1) of the Commodity Classification Groups listed below:

SUBJECT: Restitution of Biological Specimens for National  
Tsinghua University.

1. The Central Liaison Office is directed to investigate and report on the present location and condition of the following scientific material removed from the National Tsinghua University, Peiping, China, during the Japanese occupation:

- a. 4,000 specimens of fungus;
- b. Specimen of encyphaceae, the property of Mr. G. M. Read, U.S.A.;
- c. Biological specimens belonging to Mr. Herbarium, University of Michigan, U.S.A.;
- d. Specimens belonging to the Department of Agriculture, U.S.A.

2. It has been reported that all these specimens were shipped to Japan after 1937 and a part was placed in the Scientific Museum, Ueno Park, Tokyo. Mr. R. Emaseki has written a report entitled "A Brief Sketch on the Growth of Fungus in North-China", published in the 13th volume of Botanical Geography, pages 247-255, which conclusively proves that these specimens were removed from Tsinghua University.

3. The required report, to be submitted to the Civil Property Custodian by 15 March 1947, will also contain an inventory of the subject property.

THE SWISS DIPLOMATIC MISSION

IN JAPAN

O.2.3.2.2.(46).- Bk.-

The Swiss Diplomatic Mission, upon instructions received from the Swiss Federal Government, has the honor to submit the following letter to the Ministry for Foreign Affairs of the Imperial Japanese Government.

Mr. Hans P. Stocker, a Swiss citizen and former correspondent in Bandoeng of the Swiss Consulate in Batavia, who has recently returned home, was arrested May 4th, 1943, by the Japanese Military Police without any valid reason and incarcerated at Tjitjendo, Bandoeng, under lamentable hygienic conditions. Liberated after 15 days of detention, the said Swiss citizen was again arrested on December 1st, 1943, without indication of any motive and detained 53 days at Bandoeng and afterwards at Soekamiskin, from where he was transferred on November 12th, 1943, to the internment camp Tjimahi. During this internment which lasted 437 consecutive days, i.e. until January 22nd, 1945, Mr. Stocker was, on several occasions, ignominiously maltreated and contracted serious contagious diseases without having any possibility to get medical treatment. At the same time he greatly suffered from a total insufficiency of food, thereby losing more than 80 lbs. in weight. A Swiss physician has now ascertained several deep scars and a fractured rib resulting from torture.

The Ministry for Foreign Affairs  
of the Imperial Japanese Government,

T o k y o .

0132

A-1-0-0-2-2716 卷

The Swiss Federal Government has therefore instructed this Mission to file a formal protest with the Imperial Japanese Government against the ignominious treatment inflicted on this innocent Swiss citizen. Further, Mr. Stocker, whose health remains seriously impaired, has decided to demand from the Japanese Government the total sum of 184,250.- Swiss francs as compensation, calculated as follows.

- frs.119,250.- representing an indemnity of frs.225.- per day, during 530 days of detention;
- " 25,000.- for moral wrongs;
- " 15,000.- for continual medical treatment and stay of his wife in a sanitarium, her health having also been impaired owing to anxiety and vicissitude during the long period of her husband's captivity;
- " 25,000.- for loss of capital in Mr. Stocker's watch business in Bandung, which could have been avoided by taking the necessary dispositions in time, which was made impossible by the long period of his detention.

The Swiss Diplomatic Mission should appreciate if the Ministry for Foreign Affairs would acknowledge receipt of this note and inform it, in due time, of the steps taken by the Imperial Japanese Government in connection with the above case.

ANNEX I

to

Memorandum for the Imperial Japanese Government, file AG 370.05 (7 May 46)GC, (SCAPIN-927), dated 7 May 1946, subject: "Repatriation."

GENERAL POLICIES GOVERNING REPATRIATION OF  
JAPANESE NATIONALS IN FORMERLY JAPANESE OCCUPIED TERRITORY, AND  
NON-JAPANESE\* FROM JAPAN

The following policies will govern repatriation of Japanese nationals in formerly Japanese occupied territory, and non-Japanese\* from Japan.

1. Maximum utilization will be made of Japanese naval and merchant shipping allocated for repatriation of Japanese nationals.
2. Japanese naval vessels and those Japanese merchant vessels, designed primarily for the transport of personnel and not required for inter-island or coastal passenger service, will be utilized for the repatriation of Japanese nationals.
3. Personnel to be repatriated will not be transported on cargo vessels to the extent that the essential cargo is displaced. Repatriates will be transported on cargo vessels destined only for authorized repatriation ports (see paragraph 2a, Annex II).
4. The Imperial Japanese Government will operate, man, victual and supply Japanese-manned shipping used for repatriation to the maximum practicable extent. In case of emergency, fuel, food, medical supplies and material repairs may be obtained from US Army or Navy sources, or at foreign ports from foreign government sources, by memorandum receipt signed by the master of the vessel concerned (see Annex IV).
5. First priority will be granted to the movement of Japanese military and naval personnel, and second priority to the movement of Japanese civilians. Exception may be made by the appropriate Allied area commanders as deemed necessary for areas under their control.
6. Only personnel being repatriated to and from Japan under the Japanese repatriation program or such others as may be authorized in special cases by the Supreme Commander for the Allied Powers will be transported on repatriation vessels.

\* The term "non-Japanese" as used in this annex and throughout this memorandum includes only Koreans in Japan destined for Korea north of 38° north latitude, and other non-Japanese nationals (Chinese, Formosans, Ryukyans, and Koreans destined for Korea south of 38° north latitude) in Japan who have not forfeited their privilege of repatriation.

RECEPTION CENTERS IN JAPAN FOR  
PROCESSING REPATRIATES

1. The Ministry of Public Welfare, having been designated by the Japanese Government to handle repatriation matters, will:

a. Establish a central agency to effect coordination with other Japanese governmental agencies regarding supply, customs, transportation, physical inspections, quarantine and demobilization, and to effect liaison with the headquarters of the Eighth United States Army.

b. Establish and operate reception centers at designated ports (see paragraph 2a) to:

- (1) Receive, process, care for and evacuate all Japanese repatriates returning to Japan proper from overseas.
- (2) Assemble, process, care for and lead non-Japanese nationals, as outlined in Annex III.

c. Designate a resident director at each reception center responsible for its operation and for maintaining liaison with local Allied military authorities responsible for supervision of the reception center.

2. a. Reception Centers: Location, character and capacity.

Effective 31 January 1947, reception centers will be located as indicated below, and only these centers will be used for repatriation purposes:

b. Facilities.

Adequate facilities will be established at each of the above designated ports to receive, process and evacuate repatriates in the numbers indicated above. They will include necessary storage space for food, clothing and medical supplies as well as space for administration, necessary medical examinations, quarantine stations and quarantine hospitals. The Ministry of Public Welfare will make arrangements with the Commanding General of the Eighth United States Army for assignment of necessary space for these facilities.

c. Medical procedures.

Adequate inspection and quarantine stations, established at the above designated ports, will be operated in accordance with the procedures prescribed in Annex V.

3. The establishment, organization and operation of each reception center will be under the supervision of the Allied military commander who exercises control over the area in which the reception center is located.

REPATRIATION TO AND FROM JAPAN

SECTION I - GENERAL PLAN

1. a. The following plan governing the repatriation to and from Japan, now in effect, will continue until otherwise directed by the Supreme Commander for the Allied Powers.

b. The entire plan revolves around the use of reception centers and the flow of persons to be repatriated through these centers in the numbers that can be accommodated by the available shipping and rail transportation.

c. Under this plan non-Japanese nationals who, having registered as being desirous of repatriation, fail to comply with the instructions of the Imperial Japanese Government for consummation of their repatriation, forfeit their privilege to repatriation and will not be considered in any future repatriation plans. A list of such persons by name will be maintained by the Japanese Government.

d. Exception to paragraph 1 c above may be made in the case of families which cannot comply with plans of the Imperial Japanese Government for their repatriation, due to circumstances over which they have no control. Insofar as practicable the immediate family group should be considered a unit, and should be repatriated as a unit, unless members thereof have forfeited their privilege of repatriation. The number of Koreans destined for Korea north of 38° north latitude who cannot comply with repatriation plans, due to circumstances beyond their control, will be reported to General Headquarters not later than 15 April 1947.

2. The Sasebo Reception Center will be used to process Korean repatriates leaving Japan. Reception centers to process other non-Japanese nationals will be designated.

3. The Japanese Ministry of Welfare will:

a. Arrange for the necessary transportation to move incoming repatriates, except for such personnel as may be designated by the local United States Army Commanders supervising processing, from the reception centers within twenty-four (24) hours after completion of processing.

b. Establish controls to fix in their present abodes non-Japanese nationals, desiring return to their homelands, until such time as they are directed to move under the provisions of this plan.

g. Prohibit the use of active reception centers as housing except as required in the actual processing and quarantine of repatriates.

4. The Imperial Japanese Government will be furnished schedules governing the movement of repatriation shipping as follows:

a. Japanese merchant and naval vessels and other Japanese-manned ships, by the Shipping Control Authority for the Japanese Merchant Marine.

b. Allied vessels by the Supreme Commander for the Allied Powers.

5. Guards aboard trains carrying Koreans destined for Korea north of 38° north latitude.

a. Allied military authorities have been directed to provide on request of authorized officials of the Imperial Japanese Government, a minimum of one Allied Force guard per train aboard all trains scheduled specifically to carry Koreans destined for Korea north of 38° north latitude, for the purpose of lending necessary support and prestige to Japanese police guards and coordinating their activities.

b. The Imperial Japanese Government will direct the local Japanese Government officials to:

(1) Request local Allied military authorities to place Allied guards aboard trains scheduled specifically to carry Koreans, destined for Korea north of 38° north latitude, to reception centers. Each request will contain information as follows:

(a) Number of Koreans destined for Korea north of 38° north latitude.

(b) Number of rail cars in the train scheduled specifically to carry Koreans destined for Korea north of 38° north latitude.

(c) Schedule, route and destination of trains.

(2) Submit requests to local military authorities in sufficient time to permit orders to be issued and guards to be placed aboard the trains.

(3) Provide suitable accommodations as quarters for Allied guards during entire trip. The accommodations will be clean.

BASIC: Annex III to Memo for IJG, file AG 370.05 (7 May 46)GC, (SCAPIN-927), dated 7 May 1946, subject: "Repatriation."

(4) Promptly forward complete and accurate information regarding changes in train movements to the appropriate local military authorities.

c. The Imperial Japanese Government will also direct the local Japanese government officials to:

(1) Organize outgoing non-Japanese repatriates into groups under selected group leaders prior to entraining.

(2) Insure against overcrowding.

(3) Insure orderly entraining and detraining of the groups.

(4) Place an appropriate number of armed Japanese policemen to maintain order aboard all trains scheduled specifically to carry Koreans, destined for Korea north of 38° north latitude, to reception centers. (See paragraph 6 b below).

6. Control.

a. The Imperial Japanese Government will direct its representatives at reception centers to:

(1) Organize outgoing non-Japanese repatriates into groups under selected group leaders prior to embarkation.

(2) Thoroughly instruct these groups in shipboard routine and sanitary measures to be observed.

(3) Insure orderly embarkation of groups.

b. The local Japanese officials will utilize every legal means available to control repatriates, while in Japan and aboard Japanese-manned vessels.

SECTION II - REPATRIATION TO KOREA

7. Mass repatriation of Koreans from Japan to Korea south of 38° north latitude was completed on 28 December 1946.

8. Koreans destined for Korea north of 38° north latitude will be processed and repatriated in accordance with the provisions of memorandum from the Supreme Commander for the Allied Powers, file AG 014.23 (26 Dec 46), (SCAPIN-1421), dated 26 December 1946, subject: "Repatriation of Japanese Nationals from Soviet and Soviet-Controlled Territories, and of Koreans from Japan to Korea North of 38° North Latitude."

BASIC: Annex III to Memo to IJG, file AG 370.05 (7 May 46)GC, (SCAPIN-927), dated 7 May 1946, subject: "Repatriation."

9. Repatriation of Korean prisoners.

a. The Imperial Japanese Government will not repatriate Korean civil prisoners from Japan until they have served their terms of imprisonment and are duly released from confinement. This shall not be construed as in any way infringing upon the prerogative of the Imperial Japanese Government to remit or mitigate sentences.

b. The above is subject to the provisions of memorandum from the Supreme Commander for the Allied Powers, file AG 015 (19 Feb 46) LS, (SCAPIN-757), dated 19 February 1946, subject: "Review of Sentences Imposed upon Koreans and Certain Other Nationals."

10. Under this plan it is the responsibility of the Imperial Japanese Government to plan and implement the repatriation of Korean nationals from Japan to Korea. This responsibility will not be delegated wholly or in part to any of the various Korean associations or societies.

SECTION III - REPATRIATION TO AND FROM THE RYUKYU ISLANDS

11. Mass repatriation of Ryukyuans from Japan to the Ryukyu Islands south of 30° north latitude was completed on 28 December 1946.

12. Repatriation of Japanese from the Ryukyu Islands to Japan was completed on 31 December 1946.

SECTION IV - REPATRIATION FROM SOVIET AND SOVIET-CONTROLLED AREAS, BRITISH-CONTROLLED AREAS IN SOUTHEAST ASIA, CHINA AND THE NETHERLANDS EAST INDIES.

13. Japanese repatriates arriving in Japan from Soviet and Soviet-controlled areas will be processed in accordance with the provisions of the memorandum mentioned in paragraph 8 above.

14. Japanese repatriates arriving in Japan from British-controlled areas in Southeast Asia, China, and the Netherlands East Indies will be processed in accordance with the provisions of this memorandum.

SECTION V - REPATRIATION TO AND FROM OTHER INDICATED AREAS.

15. Mass repatriation to China (including Manchuria), and to and from Formosa and the Solomon, Marshall, Caroline, Bonin, Gilbert and Marianas Islands has been completed.

SUPPLY AND TRANSPORTATION

1. The following govern the provision of food, clothing, and other supplies for repatriates.

a. Adequate food, safe drinking water, clothing and medical supplies will be provided repatriates while enroute to and in the reception centers. Resupply will be arranged if trains are delayed while enroute to the reception centers.

b. All Japanese-manned vessels, including hospital ships, leaving designated ports in the home islands (paragraph 2a, Annex II) will be provided by the reception centers with sufficient stocks of palatable food, safe fresh water, medical supplies, clothing and other items required for the ships' crews and repatriates on the outgoing and return voyages plus enough stocks to take care of unforeseen delays.

c. The cost of supplies and facilities for repatriates will be borne by the Imperial Japanese Government.

d. Supplies of food and clothing for the reception centers will be levied proportionally on all prefectures of Japan.

2. Transportation.

a. Water transportation will be provided without cost to repatriates.

b. Rail transportation will be provided without cost to authorized repatriates moving to reception centers under Japanese planned evacuation.

c. Vessels and trains will be clean, and adequate sanitary facilities therein will be provided.

d. Adequate fire fighting equipment and life rafts will be provided Japanese-manned repatriation vessels.

3. Emergency supplies furnished repatriation ships in foreign ports.

a. Arrangements have been made with the authorities who control ports outside of Japan to accept receipts for necessary supplies issued to Japanese-manned ships servicing those ports.

b. Masters of Japanese-manned vessels engaged in repatriation will be instructed to furnish quantitative receipts for supplies obtained outside of Japan. Receipts will specify amount and kind of supplies and whether supplies will be used for Japanese troops or civilians.

c. The Imperial Japanese Government will:

(1) Provide fuel, fresh water, medical supplies and food for all Japanese-manned ships engaged in repatriation to the maximum extent practicable from Japanese sources. Accordingly Japanese-manned vessels will obtain supplies at overseas ports in minimum amounts necessary to complete their scheduled voyages.

(2) Take necessary measures to insure that the masters of repatriation ships do not request or accept supplies and/or repairs in Soviet or Soviet-controlled ports, except in dire emergency and unless the seaworthiness of the ships or the safety of the passengers and the crews is endangered by failure to accept such supplies and/or repairs.

MEDICAL AND SANITARY PROCEDURES

1. The Ministry of Public Welfare will carry out the following medical and sanitary procedures as minimum requirements incidental to repatriation of all nationals to and from Japan.

a. Procedures with respect to all repatriates will provide for:

- (1) Physical inspection for detection of louse infestation, and of cases and suspects of quarantinable diseases (cholera, plague, smallpox, louse-borne typhus, and yellow fever) or of communicable disease which might prejudice the health of subsequent contacts.
- (2) Hospitalization or other effective segregation of persons known or suspected to be infected with quarantinable or significant communicable diseases, until communicability has passed. Persons with the following diseases will not be placed aboard vessels or trains carrying repatriates: typhoid and paratyphoid fevers, plague, typhus, smallpox, cholera, relapsing fever, Japanese "E" encephalitis, pneumonia, influenza, diphtheria, scarlet fever, chicken pox, measles, pertussis, mumps, cerebrospinal meningitis, poliomyelitis, encephalitis "A", and epidemic hemorrhagic fever.
- (3) Persons with the following diseases may be placed aboard repatriation ships, provided the Supreme Commander for the Allied Powers is notified and proper surveillance is maintained enroute: amebic dysentery, bacillary dysentery, enteritis or diarrhea, malaria, kala azar, tuberculosis, pleurisy, undulant fever and venereal disease.

- (4) Appropriate measures for continued observation of persons known to have had contact with a quarantinable disease of a type liable to convey infection. Observation will continue during the incubation period of the disease concerned, calculated from the day of last contact. The following incubation periods will be observed: smallpox - 14 days, louse-borne typhus - 12 days, plague - 6 days, yellow fever - 6 days, and cholera - 6 days (see paragraph 3).
- (a) In accordance with the risk involved, appropriate measures may vary from detention under observation to notification to the responsible control agency in the country of entry of the presence of passengers aboard ships that have been exposed to the diseases mentioned in paragraph 1a (4) above.
- (5) Disinfection by DDT of all repatriates arriving in Japan. Disinfection will include the clothing and baggage of such persons and other articles susceptible to infestation.
- (6) Immunisation.
  - (a) The following vaccinations will be given:
    - 1. Smallpox vaccination will be given to all outgoing repatriates, and all incoming repatriates not vaccinated within one year.
    - 2. Typhus vaccine will be administered to all outgoing and incoming repatriates.
    - 3. Cholera vaccine will be given during spring and summer to all incoming and outgoing repatriates.
    - 4. Typhoid vaccine will be administered to all Korean repatriates destined for Korea north of 38° north latitude.
  - (b) Only the initial dose of a multi-dose vaccine need be administered at the reception centers if the flow of outgoing repatriates would be impeded otherwise, except that 2 inoculations against cholera will be administered to each Ryukyuan repatriate during the appropriate seasons.
  - (c) A certificate, in the English language, indicating which vaccinations have been administered, will be

furnished each outgoing repatriate prior to embarkation on repatriation ships.

- (7) Maintenance of records required to comply with International Quarantine procedure.

b. Procedures with respect only to Japanese-manned vessels will provide for:

- (1) Inspection for rodent infestation aboard such vessels arriving from areas in which plague is known to be occurring or is considered endemic.
- (2) Fumigation by cyanide, sulfur dioxide, or other method submitted to and approved in advance by the Supreme Commander for the Allied Powers, of vessels in which a case of rodent plague has been detected, or in which there is an excessive number of rats as determined by the amount of feces present. Where fumigation can not be arranged trapping or poisoning programs shall be carried out under the supervision of the port authorities.
- (3) Examination for infection with plague of all rats recovered after fumigation, or trapping. Monthly reports of such procedures will be submitted to the Commanding General, Eighth Army.
- (4) Vessels infected with or suspected to be infected with plague shall not be permitted to come alongside a wharf until freed of infection. Rat infested vessels coming to dock shall be fended off at least six feet, all lines shall be fitted with rat guards and all gangways and other connections with shore removed during the hours of darkness or kept well-lighted and under guard.
- (5) Disinfection with DDT will be accomplished monthly on all vessels operating on shuttles where less than a month is required for a round trip. Vessels requiring more than a month for a round trip will be disinfested with DDT prior to departure from Japan on each voyage.
- (6) Other sanitary measures approved by the Supreme Commander for the Allied Powers as appropriate for control of diseases aboard vessels, including adequate provision for safe drinking water and proper disposal of wastes, and thorough cleaning of vessels at port of debarkation. In all cases ships will be thoroughly cleaned prior to their departure from Japan and in the shortest practicable time.

- (7) Providing ships' masters with the necessary means and equipment to maintain a high degree of sanitation while at sea. The Imperial Japanese Government will require ships' masters to enforce the desired high standard of cleanliness and sanitation.

c. Procedures with respect to reception centers will provide for:

- (1) A continuing program of rat control and autopsies of captured rats in all reception centers with immediate notifications to appropriate Allied military and Japanese authorities whenever a plague rat is found. Monthly reports as provided in paragraph 1b (3).
- (2) All immunizations, processing and disinfection of ships, and personnel and their baggage being done at the reception center. A blanket certificate to the effect that all required procedures have been accomplished will be attached to the passenger manifest.
- (3) Physical inspection being done during daylight hours, except in exceptional circumstances in which the flow of repatriates would be impeded otherwise.
- (4) Additional measures of port sanitary control, including in particular investigation of enteric infections, being carried out by the Ministry of Public Welfare as desirable and feasible provided that the flow of repatriates is not impeded thereby.

d. Japanese crews of repatriation vessels will be vaccinated for the diseases enumerated in paragraph 1 a (4) above. Immunization will be considered valid not to exceed the following periods: smallpox - 1 year, louse-borne typhus - 6 months, cholera - 4 months, yellow fever - 5 years, plague - 3 months. Each member of the crew will be issued an immunization register, indicating type of vaccination and the date the vaccine was administered. The crew members will carry these registers at all time. Loss of immunization registers will necessitate revaccination.

e. Members of crews of incoming repatriation ships carrying smallpox cases will be vaccinated, or revaccinated, and the responsible control agency notified that the ship can be dispatched when five days have elapsed subsequent to the vaccination. This will not apply to ships carrying quarantinable disease other than smallpox.

f. The Imperial Japanese Government will direct the captains of Japanese-manned repatriation vessels to notify the responsible control agency in the country of entry of the presence on board ship of any of the diseases listed in paragraph 1 a (4) above or of exposed passengers traveling during incubation periods. Notification will also include cases of significant communicable disease, the institutionalization of which is not immediately practicable, i.e. tuberculosis, etc. When applicable, the ship's master will report the ship free from contagious disease.

2. Japanese medical personnel to be furnished for repatriation shipping.

a. The Imperial Japanese Government will assign medical personnel for permanent duty aboard all Japanese-manned repatriation shipping as follows:

- (1) On ships making voyages of less than four days duration, two medical orderlies.
- (2) On ships making voyages of four days or longer duration, a doctor and two medical orderlies.

b. The Imperial Japanese Government will obtain names and itineraries of shipping requiring Japanese medical personnel from the Shipping Control Authority for the Japanese Merchant Marine.

3. Quarantine procedures for cholera among repatriates.

a. The Imperial Japanese Government will take the following measures immediately to prevent the introduction of cholera into Japan by individuals being repatriated from ports infected with cholera. Ports so infected will be designated by the Supreme Commander for the Allied Powers as "cholera ports."

b. In the case of ships with repatriates from cholera ports which arrive without cases of cholera aboard:

- (1) Where the voyage has taken more than six (6) days, all personnel, except crew members who have been inoculated within the previous one month period (see paragraph 1 d above), will be inoculated with 1 cubic centimeter of cholera vaccine and debarked, and processing procedures will be performed as usual.

BASIC: Annex V to Memo for IJG, file AG 370.05 (7 May 46)GC, (SCAPIN-927), dated 7 May 1946, subject: "Repatriation."

- (2) Where the voyage from the cholera port has taken less than six (6) days, all personnel will be held aboard the ship until six (6) days have elapsed, the personnel physically examined for cholera, and if no cases are found they will be disembarked as described in paragraph 3b (1) above. In the event cholera is found, the procedure will be as prescribed in paragraph 3c below.

c. Ships which arrive in Japan WITH CHOLERA ABOARD will use only the port of Sasebo until directed otherwise by the Supreme Commander for the Allied Powers.

- (1) Ships will be anchored sufficiently far from shore to preclude the possibility of anyone swimming to shore or contamination from the vessel washing ashore.
- (2) All personnel will be held on board for fourteen (14) days after the development of the last case.
- (3) Cases of cholera will be removed from the ship to a hospital ship anchored off shore or the isolation hospital ashore, which will receive and treat cholera cases among repatriates. Great care will be exercised in sterilizing all discharges from the patients (using cresol solution in such strength as to obtain a 2 percent effective concentration of disinfectant), screening to protect from flies and isolation of attendants.
- (4) All personnel (except cholera patients, and crew members who have been inoculated within the previous one month period) will be inoculated with 1 cubic centimeter of cholera vaccine.
- (5) During the quarantine period the feces and urine of all personnel will be treated with a 2 percent cresol solution before being discharged into the sea.
- (6) A stool examination will be performed on all personnel to detect carriers. All carriers discovered will be isolated in the same manner as cholera cases and kept until three negative stool specimens have been obtained at two day intervals.
- (7) The baggage and clothing of all personnel will be sterilized.

- (5) Vermin-free persons who had no contact with either typhus cases or vermin-infested persons may be released under 12 days' surveillance provided their anti-typhus vaccinations are up to date or provided vaccination is given upon arrival.

6. Quarantine for arriving vessels infected or suspected of being infected with plague.

a. Vessels:

- (1) A plague infected vessel shall be detained in quarantine and immediate measures instituted for the destruction of rodents and vermin aboard.
- (2) Disinfection of personal effects, baggage, bedding, quarters, kitchens, store rooms, etc., shall be accomplished as the quarantine officer may direct to insure that the vessel is freed of infection.

b. Persons:

- (1) Persons infected, or suspected of being infected, with plague shall be isolated and kept under medical observation until known to be non-infectious.
- (2) Contacts shall be held under observation or surveillance for a period of 6 days subsequent to last possible exposure.

7. The Imperial Japanese Government will furnish the vaccine necessary for medical processing at all repatriation ports in Japan. Where it is not possible for the Imperial Japanese Government to furnish vaccines in the required amounts, the Supreme Commander for the Allied Powers will be notified of deficiencies with reasons therefor.

CURRENCY, SECURITIES, AND OTHER DOCUMENTS AND POSSESSIONS

1. The Ministry of Public Welfare will carry out the following procedures in processing Japanese being repatriated to Japan, and Chinese, Formosans, Koreans, and Ryukyans to their respective homelands.

2. In processing Japanese nationals being repatriated to Japan, the Imperial Japanese Government will:

a. Permit the following currency and Japanese Government Bonds to be brought into Japan:

(1) Bank of Japan yen currency in the following amounts:

- (a) Commissioned officers - a maximum of ¥500.
- (b) Non-commissioned officers and enlisted men - a maximum of ¥200.
- (c) Civilians\* - a maximum of ¥1000.

(2) Exchange certificates in lieu of yen currency up to the limits stipulated in paragraph 2a (1) above.

(3) Japanese Government bonds expressed in yen, in lieu of yen currency and/or exchange certificates up to the limits stipulated in paragraph 2a (1) above.

b. In addition to the amounts of yen currency, exchange certificates, or Japanese Government bonds which may be brought in by all repatriates, permit Japanese prisoners of war to bring in with them additional amounts equal to payments made to them or accumulated by them while interned as prisoners of war.

c. (1) Convert exchange certificates (see paragraph 2a (2) above) into Bank of Japan currency on a one-to-one basis, retaining in safe custody exchange certificates so exchanged pending further directions from the Supreme Commander for the Allied Powers. Bank of Japan currency
