SUBJECT : Release of Telephone Exchange and Telephone Equipment
from Plants Named for Reparations

1. This authorizes the release to the Japanese Ministry of Communications
of telephone and telegraph exchanges and telephone and telegraph equipment
from aircraft factories, arsenals, privately owned munitions plants, and labor-
atories held in custody for reparations in accordance with the following memo-
randa from General Headquarters, Supreme Commander for the Allied Powers, to
the Imperial Japanese Government:

a. (SCAPIN-629), file AG 004 (20 Jan 46)ESS/GD, dated 20 January 46,
subject: "Custody Control and Protective Maintenance of Japanese Aircraft
Plants, Arsenals and Laboratories".

b. (SCAPIN-1134), file AG 387.6 (13 Aug 46)ESS/IN, dated 13 August 46,
subject: "Reparations Selections Within Privately Owned Munitions Plants".

2. An inventory of the main items of equipment located in the plants and
installations from which the subject equipment is released will be made by the
Imperial Japanese Government and furnished to General Headquarters, Supreme
Commander for the Allied Powers, by 1 December 46.

3. Communications equipment in any plant or installation covered by this
memorandum which is being used by the Occupation Forces will become the property
of the Japanese Ministry of Communications but will be continued in service in
its present manner and location as long as it is required to meet Occupation
Forces' requirements. The inventory of equipment which is to be made in accord-
ance with paragraph 2 will indicate which installations fall in this category.

4. Direct correspondence between General Headquarters, Supreme Commander
for the Allied Powers, and the Japanese Ministry of Communications on technical
matters within the scope of this memorandum is authorized.

MEMORANDUM FOR: IMPERIAL JAPANESE GOVERNMENT.

THROUGH : Central Liaison Office, Tokyo.

SUBJECT : Delivery of Lumber to Manila, Luzon,
Philippine Islands.

1. The Imperial Japanese Government will take the
following action with regard to shipment of lumber from Japan
to the Philippine Islands as listed below:

a. Arrange with the Shipping Control Authority,
Japan, for the assignment of suitable shipping to lift from
Honshu ports to Manila, Luzon, Philippine Islands, as follows:

Port of Loading	Quantity (In board feet)	Measurement Tons (Approx)	Available for Lift
Sakai, Tottori Prefecture, Honshu	1,800,000	3,600	Now ready

(1) The Port of San Fernando, Luzon, Philippine
Islands, can receive the shipment of
1,800,000 board feet on 15 November 1946.

b. Instruct the appropriate agency to prepare bills
of lading for the shipment of lumber and to make distribution
of copies as follows:

(1) Four copies for the ship's master, two of
which are to be delivered to the Commanding
General, United States Army Forces, Western
Pacific, or his authorized representative,
at San Fernando, Luzon, Philippine Islands,
by the ship's master.

BASIC: Annex III to Memo to IJG, file AG 370.05 (7 May 46)GC, (SCAPIN-927), dated 7 May 1946, subject: "Repatriation."

3. The Japanese Ministry of Welfare will:

a. Make the necessary arrangements to insure that each of the reception centers mentioned in paragraph 2 above is kept filled, insofar as practicable, with outgoing repatriates as hereinafter prescribed.

b. Scrutinize carefully the shipping schedules furnished and take appropriate action to insure that:

(1) Reception centers do not become congested.

(2) Repatriation vessels sailing for Korean or Ryukyuan ports are filled to capacity with repatriates for those areas, insofar as practicable.

c. Arrange for the necessary transportation to move incoming repatriates from the reception centers within twenty-four (24) hours after completion of processing.

d. Establish controls to fix in their present abodes non-Japanese nationals desiring return to their homelands until such time as they are directed to move under the provisions of this plan.

e. Prohibit the use of active reception centers as housing except as required in the actual processing and quarantine of repatriates.

4. The Imperial Japanese Government will be furnished shipping schedules governing the movement of:

a. Japanese merchant and naval vessels, Japanese-manned Liberty ships and Landing Ships, Tank, by the Shipping Control Authority for the Japanese Merchant Marine.

b. US-manned Landing Ships, Tank, and other Allied vessels, as they are established, by the Supreme Commander for the Allied Powers.

5. Guards aboard trains carrying non-Japanese repatriates.

a. Allied military authorities have been directed to provide on request of authorized officials of Imperial Japanese Government, a minimum of one Allied Force guard per train aboard all trains scheduled specifically to carry non-Japanese repatriates (excludes Ryukyuan) for purpose of lending necessary support and prestige to Japanese police guards and coordinating their activities.

b. The Imperial Japanese Government will direct the local Japanese Government officials to:

Japanese repatriates (excludes Ryukyuan repatriates) to reception centers. Each request will contain information as follows:

- (a) Number of non-Japanese repatriates being transported.
- (b) Number of rail cars in the train scheduled specifically to carry non-Japanese repatriates.
- (c) Schedule, route and destination of train.

- (2) Submit requests to local military authorities in sufficient time to permit orders to be issued and guards to be placed aboard the trains.
- (3) Provide suitable accommodations as quarters for Allied guards during entire trip. The accommodations will be clean.
- (4) Promptly forward complete and accurate information regarding changes in train movements to the appropriate local military authorities.

c. The Imperial Japanese Government will also direct the local Japanese government officials to:

- (1) Organize outgoing non-Japanese repatriates into groups under selected group leaders prior to entraining.
- (2) Insure against overcrowding.
- (3) Insure orderly entraining and detraining of the groups.
- (4) Place an appropriate number of armed Japanese policemen to maintain order aboard all trains scheduled specifically to carry non-Japanese repatriates (excludes Ryukyuan) to reception centers. (See paragraph 6 b below.)

6. Control.

a. The Imperial Japanese Government will direct its representatives at reception centers to:

- (1) Organize outgoing non-Japanese repatriates into groups under selected group leaders prior to embarkation.
- (2) Thoroughly instruct these groups in shipboard routine

- (2) Where the voyage from the cholera port has taken less than six (6) days, all personnel will be held aboard the ship until six (6) days have elapsed, the personnel physically examined for cholera, and if no cases are found they will be disembarked as described in paragraph 3b (1) above. In the event cholera is found, the procedure will be as prescribed in paragraph 3c below.

c. Ships which arrive in Japan WITH CHOLERA ABOARD will use only the ports of Uraga, Sasebo or Hakata until directed otherwise by the Supreme Commander for the Allied Powers.

- (1) Ships will be anchored sufficiently far from shore to preclude the possibility of anyone swimming to shore or contamination from the vessel washing ashore.
- (2) All personnel will be held on board for fourteen (14) days after the development of the last case.
- (3) Cases of cholera will be removed from the ship to a hospital ship anchored off shore, which will receive and treat cholera cases among repatriates. Prior to the arrival of the hospital ships at the ports of Uraga and Sasebo, cholera patients will be removed to the isolation hospitals at the reception centers at the above mentioned ports, where strict isolation procedure will be maintained. Great care will be exercised in sterilizing all discharges from the patients (using 2 per cent cresol solution), screening to protect from flies and isolation of attendants.
- (4) All personnel (except cholera patients, and crew members who have been inoculated within the previous one month period) will be inoculated with 1 cubic centimeter of cholera vaccine.
- (5) During the quarantine period the feces and urine of all personnel will be treated with a 2 per cent cresol solution before being discharged into the sea.
- (6) A stool examination will be performed on all personnel to detect carriers. All carriers discovered will be isolated in the same place as cholera cases and kept until three negative stool specimens have been obtained at two day intervals.
- (7) The baggage and clothing of all personnel will be sterilized.
