NETHERLANDS MILITARY MISSION JAPAN  
CABLE ADDRESS: TOKYO NETHMILMIS

No: G-6/502

TOKYO JANUARY 27 1947

STATEMENT

With reference to the Japanese statement about "the actual situation of the Japanese Surrendered Personnel detained as labor corps in the Netherlands East Indies and the desires of the Japanese Government in connection thereto", forwarded by covering letter of 29 October 1946 and forwarded to the Netherlands Military Mission by the Diplomatic Section by covering letter of November 12, 1946 I have the honour to present the following statement:

(1) General Condition of Japanese Surrendered Personnel detained as labor corps.

It is of importance to state, that the retention of 104,500 Japanese Surrendered Personnel for labor covered the whole South East Asia Command including 13,500 in Netherlands East Indies territory. Consequently these laborers were under SEAC supervision and in the Netherlands East Indies under AFMGI control. Before October 29 (date of the statement) only the Japanese Surrender Personnel who had been transferred from Java to Hollandia (1000), Biak (200 ex Hollandia) and Morotai (150 ex Java) were under Dutch control; the main body of the 13,500 Japanese Surrendered Personnel have been handed over to the Netherlands authorities on November 29, 1946.

The breakdown given in the report corresponds with the original Netherlands request, but has never materialised, as a number of J.S.F. in Sumatra have been transferred to Dutch authorities and have been included in the total number of 13,500. Dislocation at November 29th was as follows:

Batavia	8.206	16th Army
Bandjeng	1.378	"
Soerabaja	1.825	"
Bali	149	"
Morotai	147	"
Biak	200	"
Hollandia	802	"
Padang	202	"
Medan	400	25th Army
Palembang	567	"
	<u>13.677</u>	

When the J.S.F. were informed about the retention of 104,500 J.S.F. in SEAC by British authorities, they were also informed, that the suggested date of their repatriation would be December 1947.

The statement to the effect that as a result of mishaps in the areas under Netherlands control, senior officers should have been preseed for repatriation is incorrect, as in the areas under Netherlands
